

gusto[®] terracotta and natural stone conservar with long lasting weather protection

new improved recipe, bio-degradable

Conserves Aztec stoves, clay BBQs, terracotta floors, terracotta surfaces and surfaces made from natural stone.

Purpose: Protects the surface of terracotta and natural stone products as well as terracotta and natural stone floors. Develops long lasting weather protection and a better look of the treated surface.

Instructions for use: First clean the terracotta or stone surface with gusto[®] terracotta-, stone- and BBQ cleaner. Make sure that the surface is totally dry. Then spray gusto[®] terracotta and natural stone conservar smooth and luscious. Remove to much of protective film with a soft tissue and wait 2 hours.

Check material compatibility on an inconspicuous spot beforehand. Store in frost-free surrounding.

Warning: Keep closed and away from children.

Ingredients according to EG-recommendation: Less than 10% silicone derivative, less than 5% cationic tenside.

UBA-Nr.: 59490001, Art.-Nr.: ACC001, 500 ml
