

gusto® terracotta-, stone- and BBQ cleaner

new improved recipe, bio-degradable

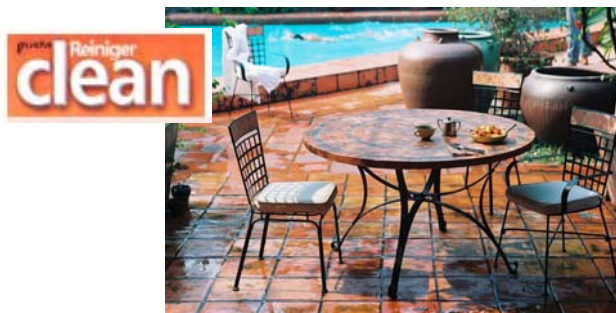

Removes sooth, grease and dirt from Aztec chimneys, BBQs, terracotta and stone tables – as well as from clay-, terracotta-, stone surfaces and –floors.

Purpose: Special sour concentrate for cleaning terracotta surfaces. Removes green coatings such as algae and moss. Removes all other stains and sediment deposits, while protecting the surface. Approved for any terracotta or stone surface.

Instructions for use: First spray on the item you want to clean. Wait a few minutes. Remove dirt with a soft sponge, a tissue or a brush. Then rinse the surface with clean water. Check material compatibility on an inconspicuous spot beforehand. Store in frost-free surrounding.

Warning: Keep closed and away from children and animals and plants. In case of eye contact clean with clear water and consult a doctor immediately. In case of swallowing consult a doctor immediately, taking the product packaging and label with you.

Ingredients according to EG-recommendation: Less than 10% organic acid, non-ionic tenside, cationic tenside, supplies
